The Growth Coach

Dear Terry,

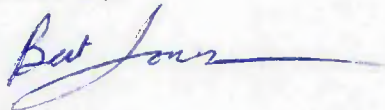

Thank you for the workshop on September 17, 2008. I feel very lucky to have learned about The Growth Coach process and I'm thrilled to be part of it. The process allowed me to focus on both my business and personal life in a strategic manner.

The concepts learned during just the first session have given me the confidence to begin thinking like a CEO. I was able to spend time on where my opportunities are the greatest and to think about what strategic changes are necessary to maximize those opportunities. Your process allowed me a full day to focus on my business and to come away with a strategic 90-day blueprint of my vision and goals.

The last time I took a whole day to step back and reflect on my life and my business was NEVER. By funneling all of the things that I want to do through the process, I was able to prioritize and set a plan in motion. I'm no longer paralyzed by overload.

I would highly recommend The Growth Coach program to anyone interested in finding a way to clearly focus on their goals and live a more balanced life.

Sincerely,

Bert Jones
Business Development Officer
