Dear Terry,

I wanted to take a moment to share how impressed I am with the program. After having completed the first session I am eagerly awaiting the next.

It was refreshing to spend a day without distraction looking at my personal and professional life. If I hadn't taken this day I would have still been caught up in fighting the current fires of my business and the impact it was having on my personal life. Thanks for handing me a fire extinguisher! Now I have direction and focus for the next ninety days.

In the past I have attended many leadership programs that ranged from one to three days. I can honestly say that none had the same impact as one session of The Growth Coach. Some notable differences were the interaction and the group dynamics. Another difference is the continuing process. After other classes much of what I learned was neither used nor revisited: another book on the shelf. I can look forward to quarterly meetings and one on one session's to keep me on track.

Thank you

Sincerely
